"The harvest is plentiful but the workers are few. Ask the Lord of the harvest, therefore, to send out workers into his harvest field."
Matthew 9:38

We released our "Planting Poster" in March for every ministry that would be willing to post and focus prayers for laborers on the campuses we are not yet reaching on the West Coast.

Pray for Heather and Felix. Our first two Santa Cruz Mentored Staff that will begin this Fall Quarter!

The Lord of the harvest continues to gather laborers. Over 55 students are seeking to become campus missionaries

Westcoast Chi Alpha — testimonies

Salvation from Santa Cruz to the nations!
Meet Stefanie. She surrendered her life to Christ a year ago during an outreach in Santa Cruz. She connected with Chi Alpha at UC Merced and has been thriving as a disciple of Christ on campus. Last May she joined our family with a student missions team serving to advance the kingdom of Heaven in Taiwan. Keep her in prayer as she enters this next academic year as a student leader in reaching the lost and making disciples on campus!

Klarrissa was raised Mormon and deaf in her left ear since she was 8yrs old. As she received the baptism in the Holy Spirit her hearing was completely restored by the power of God.

Andrew's mobility was impaired by severe scoliosis that prevented him from standing up straight and even picking up his children. As believers prayed God healed and restored his spine! We last saw him jumping up and down with tears in his eyes and his sons in his arms!

Westcoast Chi Alpha training

Spiritual Awakening Leadership Training (SALT) 2019
Our regional SALT Conference was the largest yet on the West Coast with over 500 being impacted and equipped for the work of the ministry. Texas district directors Eli and Mary Gautreaux led the way with anointed ministry that helped recalibrate our staff and students into an eternity focused missional lifestyle.

West Coast Chi Alpha growing

Debora and I hosted our Field Director and 8 Area Directors for Chi Alpha for a three day prayer and planning retreat in Santa Cruz. The development of our national leadership resources and processes continues to yield eternal fruit. Once again, we had a record number of graduates enter our national Campus Missionary in Training Institute in preparation for full time ministry!

With the highest influx of laborers in history our assignment to “plant where we are not” is beginning to be actualized. Laborers are entering the gateways to ministry at University of Arizona, University of Las Vegas, University of Hawaii, and San Jose State University!

West Coast Chi Alpha planting

What a privilege to serve ten days in Taipei with our local Chi Alpha/Church leadership! Legendary missionaries Ty and Cina Silva also pastor a church while leading Chi Alpha Taiwan and the Asia Pacific region.

SALT Conference marked the beginning of our new missionary journey to lead the plant team UC Santa Cruz Chi Alpha as Area Directors. We share a unique role as lead pastors of a university focused church just one mile from campus as part of the vision to transform the university, the marketplace, and the world.

The strategic investment of prayer, time, and resources into the University of Hawaii is surfacing a strong future. Leadership for the new ministry plant has been identified and is moving towards planting stages. As we move into this next academic year we have set up site visits and a student missions team that will help prepare for launch.
