"If you can see the invisible you can do the impossible"
Oral Roberts

As we draw near to Christ and celebrate His miraculous coming please reflect for a few minutes with the AnderSix Tribe on the faithfulness of our God! This is a familiar looking newsletter with an exciting new look at our past six months. Our hearts are full of thankfulness for you and anticipation of what the Lord will do as we continue broadening the borders of our missionary journey.

As you enjoy this update please recall the sacrifice you make every year to send us on our mission and know that every missionary staff, college student, and planting strategy we invest our lives in has only advanced because you continue to say "yes" to the vision and the mission with us.

We love you and hope this photographic depiction of your investment in our lives and ministry allows you to experience the same joy we do in advancing the kingdom on earth as it is in heaven.

West Coast Chi Alpha

We Live Missions

Undoubtedly one of the best investments of our summer. Five weeks ministering in a Muslim country to an unreached people group. 14 families received the eternal Word and many more were touched by God's unconditional love!

Westcoast Chi Alpha

Tour Year We've been on the road visiting Chi Alpha's in our region!

Westcoast Chi Alpha

Face to Face with the Future While visiting every chi alpha ministry we have met with over 40 "rising stars"! They are all students praying about a future in campus missions.

Westcoast Chi Alpha

Forming the future of Hawaii Chi Alpha

We had the privilege of investing three weeks on three islands to help build vision, minister, and meet with local church leadership to help strengthen effectiveness in reaching UH Students.

Westcoast Chi Alpha

Thank you!

Only heaven can quantify the eternal impact of your faithful prayers and financial support .

Thank you for sending our AnderSix missionary team!
